SOFTWARE DEVELOPER

Excited to leverage my expertise in Core Java, and Java frameworks for growth in a dynamic software development role. With a focus on scalable solutions and continuous learning, I bring innovative approaches to database management and application development. Proficient in debugging, integration testing, and version control, I thrive in collaborative environments. Committed to quality assurance and problem-solving, I am ready to contribute to diverse software projects and teams.

TECHNICAL SKILLS

Languages : Java, Python, HTML, CSS, Javascript (Basics)
Frameworks : Spring, Spring Boot
Databases : SQL, Oracle (Basics)
Dev Tools : Visual Studio Code, IntelliJ IDEA, Git, Github

EXPERIENCE AND INTERNSHIPS

Java Developer Trainee

Aug 2023 – Dec 2023

Revature Pvt Ltd.

Remote – Chennai, TamilNadu

- Development, Database Management, and Development Tools such as Eclipse IDE and NetBeans. Emphasized **Object-Oriented Programming (OOP)** principles.
- Executed two projects: developed a Social Media Blog API using **Java, Javalin, JDBC, MVC, Restful and Spring Framework**, demonstrating proficiency in Design Patterns and Development Environments.
- Gained hands-on experience in Project Documentation and Query Repositories, ensuring efficient project management and data manipulation. standards.

Software Engineer Intern

Feb 2022 – Aug 2022

Rockwell Automation Pvt Ltd.

Hybrid – Chennai, TamilNadu

- Engaged in an internship program focusing on Java Application Development and Software Testing methodologies.
- Troubleshoot and resolved issues in the server-side servlets, enhancing knowledge in Server-Side Development and Software Testing.

Data Analytics Intern – Pantech Solutions Pvt Ltd

Dec 2022 – Feb 2023

- Engaged in write, code reviews and teamwork to deploy solutions efficiently in alignment with the **Software Development Lifecycle**. Also Solving technical issues.

EDUCATION

Paavai College of Engineering (Anna University) – CGPA - 7.8/10

Namakkal, TamilNadu

Bachelor of Science in Computer Science

Sept 2018 – June 2022

TamilNadu State Board – 76%

Attur, TamilNadu

HSC – Computer Science

June 2017 – May 2018

TamilNadu State Board – 86%

Attur, TamilNadu

SSLC

June 2015 – May 2016

PROJECTS

Privacy Preserving Voting App - Blockchain

Java, MySQL, and JavaScript, Git

[Source Code](#)

- Implemented a secure Database Management System (DBMS) using MySQL to ensure privacy in the voting app.
- Demonstrated strong understanding of Design Principles in creating a modern and efficient web application.
- Utilized analytical skills to analyze algorithms and data structures, ensuring optimized software development.

Social Media Blog API - Project

Java, Spring, SQL, GitHub

[Source Code](#)

- Implemented Test-Driven Development (TDD) methodologies to maintain reliability, functionality, and clean code throughout the project lifecycle.
- Facilitated effective communication among team members to adapt to changing project needs and technology updates, promoting Agile methodologies and constructive feedback.
- Facilitated effective communication among team members to adapt to changing project needs and technology updates.

CERTIFICATIONS
